Pool/Gym Key Cards: I am currently in between the merging of Overlook and Ascents key cards. Once the profiles are fully merged, all cards should be activated. If yours does not work at the moment, please stop by my office at the Overlook. I do not have an office at the Ascent, so I cannot help with keys/rentals while I am there. Any patience and understanding during this merge would be greatly appreciate as the I work on getting all the wrinkles ironed out in the next few weeks.

Swim Testing: Ensuring the safety of everyone in our community remains our utmost priority. In line with this commitment, Lifeguards or Gate Guards may conduct swim tests for residents where the water is greater than chest height starting on 07/13. The swim test aims to assess swimming abilities for individuals where the water level is at chest height or higher.

Your cooperation allows us to tailor our lifeguarding efforts to meet the specific needs of our community.

The swim test will assess the following skills:

- Lifeguards or a gate guard will oversee the swim

test.

- Participants will be required to demonstrate the ability to tread water for 1 minute and swim a short distance.
- After completing the test successfully, participants will be asked to exit the pool unassisted.
- Upon successful completion, lifeguards will record your name and provide you with a wristband to wear while using the pool facilities.

Role of Lifeguards:

- Our lifeguards are trained to prevent accidents, respond to emergencies promptly, and oversee the safety of all swimmers in the pool area.
- They are responsible for monitoring the entire pool and cannot provide one-on-one supervision for individual children.

Guidelines for individuals Without Swim Test Wristbands:

- Individuals who have not completed the swim test and do not have a swim test wristband must be accompanied by a parent or guardian with in arms reach of an individual asked to take a swim test that does not pass.

If you have any questions or concerns about the swim test or its requirements, please reach out to MaCayla Longson, mlongson@denverymca.org.

We appreciate your cooperation in promoting water safety within our community.

Some (new?) plants to enjoy!

(By Nichole Rairigh, Extension Master Gardener Apprentice)

“Ooh, what is that!?” Finding a “new to you” plant in someone else’s garden can be exhilarating. Color, shape, texture, and presence all contribute to the effect the new plant has on your senses. I am always on the lookout for new things to grow and I wanted to share some plants that were new to me, at least! Each year’s growing conditions (growing extremes!) provide an opportunity to find something new for your garden.

First up is blue flax (*Linum lewisii*). A Colorado native that is easily procured at a garden center or grown yourself. I found the seeds at my local feed store. If the ethereal movement of a tall grass that sways in the garden is appealing to you, but with flowers, then this is THE plant. Each day in spring, a new tiny blue (actual blue!) flower opens going up the stem and sways in the garden, providing movement and flow. Birds use the seeds in the fall and winter too.

<https://gilpin.extension.colostate.edu/programs/mtn-hort/blue-flax/>

Blue Flax

Next up is pineapple mint (*Mentha suaveolens* ‘Variegata’), a fabulous filler. Stay with me here. Mint can be a weed as it spreads readily but this variegated white and green mint is a stunner. Use it in summer drinks or wait until it gets tall and use it in arrangements. The smell and taste of this mint is delicate and delicious. Mint can also be used as a living mulch under trees and in beds where dry shade reigns. No need to haul expensive bags of mulch for a beautiful and surprising look.

Everyone has heard of, or at least seen, Autumn Joy Sedum (*Hylotelephium* ‘Herbstfreude’) but there are so many other varieties to choose from. I have a small full-sun sedum patch where I grow 8 different kinds of sedum. I love Blue Spruce sedum (*Sedum sediforme*) because they look like 3-inch evergreen trees, or try Old Man Bones sedum (*Sedum globosum*) which is self-descriptive. A dark leaf sedum provides surprise interest. Best of all, once established they don’t need any supplemental water. They tend to bloom in autumn when the annuals are slowing down, and pollinators of all kinds love them. To propagate sedum, break off a piece of stem and stick it in the ground. The flowers come in pink, red, maroon, and yellow and they range in size between ground cover and a few feet tall.

Sedum Montage

Finally, a vining plant. There are many fun vining annuals, so try something new each year: including black-eyed susan vine (*Thunbergia alata*), firecracker vine (*Ipomoea lobata*), or ruby moon hyacinth bean (*Lablab purpureus*). My personal favorite is cypress vine (*Ipomoea quamoclit*). Hummingbirds and butterflies love the red trumpet star-shaped flowers. I love the fine soft fern-like foliage. It is delicate and really reminds me of a cypress tree frond. All these can be direct sown from seeds. If you do want to start with plants, buy them early, because it can be a real challenge to disentangle them from the nursery tray.

Pineapple Mint

Firecracker Vine

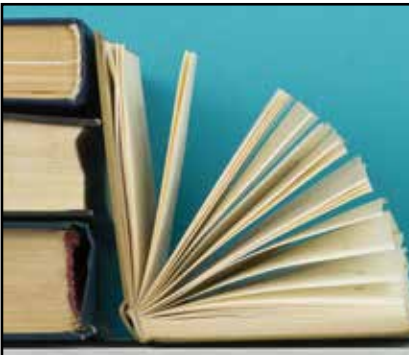

Petunias, hostas, and geraniums all have their place in the garden but so do more unique plants. Dare to be rare!

Welcome to Bridge Refill Market: Your Neighborhood Zero-Waste Journey Starts Here!

Hello, Colliers Hill! I'm Christine, the owner of **Bridge Refill Market**, a zero-waste refill store right here in Erie. You might be wondering, "A zero waste what?" Don't worry, you're not alone. I get asked this question a lot, and I love talking about it. In short, our store aims to reduce plastic and food waste by refilling products in your own clean containers. You get to choose exactly how much you need. Want to try a new body wash but hesitant to commit to a full bottle? Buy what you want. Planning a special dish that requires specific spices? Purchase exactly what you need, knowing you're paying for the product, not the packaging.

As for containers, it's up to you. Whether it's your favorite mustard bottle, salsa jar, or even that old Tupperware tucked away in your pantry (we have some too!), clean them out and bring them along (We've got you covered if you forget.).

We understand that reducing waste is easier for some than others. Nobody's perfect – not even us. Wherever you are on your zero-waste journey, our store is a judgment-free zone, and we're here to meet you there. Ditch single-use plastic and refill with us. From laundry, cleaning, and personal care supplies to organic bulk foods, spices, and loose teas, we've got you covered. Plus, we offer jars and plenty of easy eco swaps for your home and on-the-go needs. We carefully select partners who walk the walk and stock products we truly believe in — good for you, good for the planet, and delivering results. After all, why compromise on quality when making a positive impact on our planet?

If you haven't shopped at a refill store before, don't worry. We're here to answer all your questions and guide you through the process. Come on in and meet our friendly team. At Bridge Refill Market, we're dedicated to making your zero-waste journey effortless. We're open six days a week and conveniently located at 285 Cheesman Street in Old Town Erie. Even a simple act like refilling can make a significant impact in cleaning up our planet. We can't wait to welcome you!
